BCLC Highlight
Olivia Hanisch '21
Accounting Major
Audit and Assurance Intern at Deloitte
What are your responsibilities in this role?

Although this internship was cut short due to the impact of COVID-19, interns were tasked with several assignments throughout the course of our employment which showed us what to expect when we begin with the firm full-time. The interns came together to complete several group projects and proposals that we presented to the firm's partners, allowing us to gain knowledge of auditing and enhance our presentation skills.
How did the BCLC help prepare you for this role?

The BCLC allowed me to gain connections by learning how to network with professionals in my field of interest and like-minded students. I was able to meet countless people in the business school and beyond, who today I consider to be mentors or close friends. These people have taught me many essential skills, from being more comfortable making conversation with business professionals, to properly building a resume. All of these things have certainly contributed to my successes at UConn thus far.
